

Dear Parents and Carers,

As the majority of pupils will be moving to remote learning this week it seemed a timely moment to send out links and usernames for KidBlog and Class Dojo.

You should all be familiar with KidBlog as it is the platform that was used during the last lockdown and when year groups were isolating last term. There is a page for each year group where teachers will post your child's work for the day. Children can comment on the posts and upload their own work.

In order to access the page for your child's year group, you need to have joined the school page using the details below:

Class Dojo is new to the school but some of you may have used it at the infant school. One class in each year group trialled it before Christmas. It is a really good platform for sharing learning in school and communication between parents and staff on all computers and devices. There is also the facility to set work and for children to upload work to their own portfolio. The main benefit is the messaging function which allows you to communicate with your child's teacher and TA.

If you have not already signed up, please use the appropriate link below to join your child's class. This is new to staff too so please bear with us while we get used to it! However, if you have ever used FaceBook you should be fine as it is similar in set up.

Videos to help with Class Dojo set up:

Class Dojo – using a web browser. Go to 2 mins 40 seconds to see how to log in with a link.

Class Dojo – using a mobile device. Go to 2 mins 35 seconds to see how to log in with a link.

You need to put your child's name in for the teachers to approve your log in – you may need to use your child's full name, e.g. Frederick instead of Freddie as it has imported their preferred name from our database.

For now, we will mainly use KidBlog to set work and Class Dojo for communicating but will make more of Class Dojo's functions as time goes on.

It would be great to get all families signed up to Class Dojo as it is a great way to share information quickly across the whole school.

Please do contact you class teacher (using the year group emails or Class Dojo) or me if you have any questions or problems.

Thank you for your ongoing support,
